

Content Writing & Blogging Prompts

PerfectPrompts.ai

Premium prompt templates for content creators, bloggers, and copywriters. These prompts leverage advanced techniques including role assignment, chain-of-thought reasoning, and structured output formatting.

1. SEO-Optimized Blog Post Generator

Purpose: Create comprehensive, search-engine optimized blog posts that rank and engage readers.

You are an expert content strategist and SEO specialist with 15+ years of experience creating content that ranks on page 1 of Google.

I need you to write a comprehensive blog post on the following topic:

****Topic:**** [YOUR TOPIC]

****Target keyword:**** [PRIMARY KEYWORD]

****Secondary keywords:**** [2-3 RELATED KEYWORDS]

****Target audience:**** [WHO IS THIS FOR]

****Desired word count:**** [1500-3000 WORDS]

Follow this process:

****Step 1: Search Intent Analysis****

First, analyze what someone searching for this keyword actually wants to learn. Consider:

- What questions are they trying to answer?
- What problem are they trying to solve?
- What stage of awareness are they at (problem-aware, solution-aware, product-aware)?

****Step 2: Create the Content Structure****

Design an outline that:

- Hooks readers in the introduction with a compelling statistic, story, or provocative statement
- Uses H2 and H3 headers that naturally incorporate keywords
- Includes at least one "featured snippet opportunity" section (a direct answer to a common question)
- Flows logically and keeps readers engaged

****Step 3: Write the Full Article****

Create the complete blog post with:

- An engaging introduction (hook + context + thesis)
- Comprehensive body sections with actionable insights
- Real examples, data points, or case studies where

relevant

- A conclusion with clear next steps or call-to-action
- Natural keyword placement (aim for 1-2% density)

****Step 4: Optimize for SEO****

At the end, provide:

- Meta title (under 60 characters, keyword near the front)
- Meta description (150-160 characters, includes keyword and CTA)
- 5 suggested internal linking opportunities
- 3 suggested external authority links to include

Format the article in Markdown with proper heading hierarchy.

Tips for Use:

- Always research your keyword's search volume and competition before writing
- Provide specific details about your target audience for more tailored content
- Use the meta title and description exactly as generated for best SEO results

Expected Output: A complete 1500-3000 word blog post with proper headings, SEO optimization, and metadata ready for publishing.

2. Magnetic Headline Generator

Purpose: Generate multiple headline variations using proven psychological frameworks.

You are a world-class copywriter who has written headlines for major publications like The New York Times, BuzzFeed, and The Atlantic. You understand the psychology of clicks and have studied what makes headlines irresistible.

Generate 15 headline variations for the following content:

****Topic/Article Summary:**** [DESCRIBE YOUR CONTENT IN 2-3 SENTENCES]

****Target audience:**** [WHO SHOULD CLICK]

****Primary goal:**** [CLICKS / SHARES / EMAIL SIGNUPS / SALES]

Create headlines using these proven frameworks (at least one of each):

1. ****The Number Headline**** (specific odd numbers perform 20% better)
2. ****The "How To" Headline**** (promise a clear outcome)
3. ****The Question Headline**** (engage curiosity)
4. ****The Negative Angle**** ("Mistakes," "Stop," "Never")
5. ****The Curiosity Gap**** (tease without revealing)
6. ****The Direct Benefit**** (clear value proposition)
7. ****The Controversial Take**** (challenge conventional wisdom)
8. ****The Urgency Headline**** (time-sensitive or FOMO-inducing)

For each headline, rate it on:

- ****Clarity (1-10):**** How immediately understandable is it?
- ****Curiosity (1-10):**** How badly do I want to click?
- ****Credibility (1-10):**** Does it feel trustworthy or clickbait-y?

End with your TOP 3 RECOMMENDATIONS and explain why they're the strongest choices for this specific audience and goal.

Tips for Use:

- Test your top 3 headlines using a tool like CoSchedule's Headline Analyzer
- A/B test your top 2 performers if your platform allows
- Match the headline tone to where it will appear (LinkedIn vs. Twitter vs. email)

Expected Output: 15 headline variations across 8 frameworks, each rated on 3 criteria, with top 3 recommendations and reasoning.

3. Content Repurposing Multiplier

Purpose: Transform one piece of content into 10+ pieces across different formats and platforms.

You are a content multiplication expert who helps creators maximize their content ROI. Your specialty is taking a single piece of content and transforming it into a full content ecosystem.

Here is my original content:

[PASTE YOUR BLOG POST, ARTICLE, VIDEO TRANSCRIPT, OR PODCAST NOTES HERE]

Transform this into the following formats. For each, provide the ACTUAL CONTENT ready to use, not just suggestions:

****1. Twitter/X Thread (8–12 tweets)****

- Hook tweet that stops the scroll
- Value-packed thread with clear takeaways
- Final tweet with CTA

****2. LinkedIn Post (1300 characters max)****

- Professional tone with personal insight
- Use line breaks for readability
- End with engagement question

****3. Instagram Carousel Script (10 slides)****

- Slide 1: Attention-grabbing hook
- Slides 2–9: One key point per slide with supporting text
- Slide 10: CTA and follow prompt

****4. YouTube Shorts / TikTok Script (60 seconds)****

- Hook in first 3 seconds
- Core content with visual cues [in brackets]
- Strong finish or loop potential

****5. Email Newsletter Section (300 words)****

- Casual, conversational tone
- One main takeaway
- Soft CTA

****6. Podcast Talking Points (5-minute segment)****

- Opening hook
- 3 main discussion points with examples
- Transition to next topic

****7. Quote Graphics (5 quotes)****

- Impactful, standalone quotes from the content
- Each under 20 words for visual design

****8. FAQ Section (5 Q&As)****

- Questions the audience might have after reading
- Concise, helpful answers

For each piece, note the BEST TIME TO POST and any hashtag/keyword recommendations.

Tips for Use:

- Start with your highest-performing content for maximum ROI
- Schedule repurposed content across 2-3 weeks to avoid audience fatigue
- Adapt the tone slightly for each platform's culture

Expected Output: 8 complete, ready-to-publish content pieces derived from your original content, plus timing and hashtag recommendations.

4. First Draft to Final Draft Editor

Purpose: Transform rough drafts into polished, publication-ready content.

You are a senior editor at a major publication with expertise in making good writing great. You have an eye for structure, flow, clarity, and voice. Your editing approach is thorough but preserves the writer's unique voice.

Here is my draft that needs editing:

[PASTE YOUR DRAFT HERE]

****My goals for this piece:****

- Intended publication: [BLOG / NEWSLETTER / LINKEDIN / MEDIUM / etc.]
- Target audience: [DESCRIBE]
- Desired tone: [PROFESSIONAL / CASUAL / AUTHORITATIVE / FRIENDLY / etc.]
- Main action I want readers to take: [DESCRIBE]

Please edit this piece in THREE PASSES:

****PASS 1: STRUCTURAL EDIT****

- Is the structure logical? Does it flow?
- Is the introduction compelling? Does the conclusion land?
- Are there sections that should be reordered, combined, or cut?
- Provide the restructured outline with notes on changes.

****PASS 2: LINE EDIT****

- Improve sentence variety and rhythm
- Eliminate redundancy and wordiness
- Strengthen weak verbs and vague language
- Ensure transitions between paragraphs are smooth
- Provide the full edited text with changes tracked using `~~strikethrough~~` for deletions and ****bold**** for

additions.

****PASS 3: POLISH****

- Fix any grammar, punctuation, or spelling issues
- Ensure consistent tone throughout
- Check that the piece delivers on the promise of the headline/intro
- Provide the final, clean version ready for publication.

After all three passes, provide:

- ****Summary of major changes**** and why you made them
- ****Strengths of the original draft**** (what to keep doing)
- ****3 tips for the writer**** to improve future first drafts

Tips for Use:

- Don't edit as you write; get the full draft out first, then use this prompt
- Be specific about your intended tone and audience for better results
- Use the "tips for the writer" section to improve your craft over time

Expected Output: Three editing passes with clear reasoning, plus a polished final draft and personalized improvement tips.

5. Newsletter Hook Writer

Purpose: Create compelling email openings that boost open-to-read rates.

You are an email copywriter who has helped newsletters grow to 100K+ subscribers. You know that the first 2–3 lines of an email determine whether someone reads or scrolls past.

I'm writing a newsletter about:

****Topic:**** [YOUR NEWSLETTER TOPIC]

****Key insight or value:**** [WHAT WILL READERS LEARN/GAIN]

****Target reader:**** [DESCRIBE YOUR IDEAL SUBSCRIBER]

****Newsletter name/brand voice:**** [YOUR NEWSLETTER PERSONALITY]

Generate 10 different opening hooks (first 2–3 sentences) using these techniques:

1. ****The Contrarian Open:**** Challenge something everyone believes
2. ****The Story Open:**** Start mid-action in a relevant anecdote
3. ****The Shocking Stat:**** Lead with a surprising data point
4. ****The Personal Confession:**** Share something vulnerable or unexpected
5. ****The Direct Address:**** Speak directly to a specific pain point
6. ****The Curiosity Loop:**** Tease something you'll reveal later
7. ****The Time Anchor:**** Connect to something happening right now
8. ****The Bold Promise:**** Tell them exactly what they'll get
9. ****The Question Hook:**** Ask something they can't ignore
10. ****The Pattern Interrupt:**** Start with something completely unexpected

For each hook, indicate:

- **Best for:** [Type of newsletter content it works best with]
- **Risk level:** [Low / Medium / High – based on how bold it is]
- **Subject line pairing:** [A subject line that would work with this opening]

Tips for Use:

- Test different hook styles to see what resonates with your specific audience
- Higher risk hooks can drive higher engagement but may not suit all audiences
- Match your subject line style to your opening for consistency

Expected Output: 10 ready-to-use newsletter openings with strategic context and matching subject lines.

6. Cornerstone Content Architect

Purpose: Plan comprehensive pillar content that establishes topical authority.

You are a content strategist specializing in topical authority and SEO content architecture. You help brands become the definitive resource in their niche.

I want to create a cornerstone/pillar content piece on:

****Main Topic:**** [YOUR TOPIC]

****My expertise level:**** [BEGINNER / INTERMEDIATE / EXPERT]

****My business/site:**** [BRIEF DESCRIPTION]

****Competitors I want to outrank:**** [2-3 COMPETITOR URLS IF KNOWN]

Create a comprehensive content plan:

****PART 1: TOPIC ANALYSIS****

- Core subtopics this pillar must cover (aim for 8-12)
- Questions searchers have at each stage of understanding
- Content gaps competitors likely have that you can fill
- Your unique angle or expertise that differentiates this piece

****PART 2: CONTENT STRUCTURE****

Create a detailed outline including:

- Compelling H1 (title)
- Introduction framework
- All H2 sections with H3 subsections
- Suggested word count per section
- Where to include visuals, examples, or interactive elements
- Internal linking opportunities
- FAQ section topics

****PART 3: CONTENT CLUSTER MAP****

List 10-15 supporting articles that should link

to/from this pillar:

- Article title
- Primary keyword
- How it connects to the pillar
- Priority level (1-3)

****PART 4: EXECUTION TIMELINE****

- Research phase recommendations
- Draft milestones
- Review and optimization checkpoints
- Update schedule after publication

Include estimated total word count and time investment.

Tips for Use:

- Invest in cornerstone content; it drives traffic for years
- Update cornerstone pieces quarterly to maintain rankings
- Build supporting content before or alongside the pillar for maximum linking power

Expected Output: Complete strategic plan for a cornerstone content piece including outline, cluster map, and execution timeline.

7. Content Gap Analyzer

Purpose: Identify what's missing from existing content on a topic.

You are a competitive content analyst who helps creators find opportunities others have missed. You have a keen eye for gaps in existing content that represent opportunities.

Analyze this content landscape:

****Topic I'm researching:**** [YOUR TOPIC]

****Top-ranking content I've reviewed:****

1. [TITLE/URL – brief summary of what it covers]
2. [TITLE/URL – brief summary of what it covers]
3. [TITLE/URL – brief summary of what it covers]

****My target audience:**** [DESCRIBE]

****My unique expertise or angle:**** [WHAT CAN YOU ADD THAT OTHERS CAN'T]

Provide a comprehensive gap analysis:

****CONTENT GAPS:****

Identify 10 specific gaps in existing content:

Gap	Why It Matters	How to Fill It	Difficulty
-----	-----	-----	-----
1.			

****ANGLE OPPORTUNITIES:****

5 fresh angles that no one is taking:

– Angle + Why it would resonate + Example headline

****DEPTH OPPORTUNITIES:****

Topics that existing content covers superficially:

– Topic + What's missing + How to go deeper

****FORMAT OPPORTUNITIES:****

Ways to present this information that competitors aren't using:

– Format + Why it would work + Implementation notes

****AUDIENCE SEGMENTS:****

Underserved audience segments for this topic:

– Segment + Their specific needs + Content ideas for them

****YOUR RECOMMENDED STRATEGY:****

Based on the gaps and your unique angle, here's the priority order for content creation:

1. [First piece to create and why]
2. [Second piece]
3. [Third piece]

Tips for Use:

- Actually read the competing content before using this prompt
- Focus on gaps that align with your expertise; don't chase every opportunity
- Validate gaps with keyword research to confirm search demand

Expected Output: Detailed competitive analysis with specific, actionable content opportunities prioritized by impact.

8. Story-Driven Content Framework

Purpose: Transform dry topics into engaging narrative content.

You are a narrative journalist who has mastered the art of making any topic compelling through storytelling. You believe every piece of content can be transformed with the right story structure.

I need to make this topic engaging through storytelling:

****Dry/Technical Topic:**** [YOUR TOPIC]

****Key points I need to convey:**** [LIST 3-5 MAIN POINTS]

****Target audience:**** [WHO NEEDS TO UNDERSTAND THIS]

****Content format:**** [BLOG / VIDEO SCRIPT / PRESENTATION / etc.]

Transform this into narrative content:

****STEP 1: FIND THE STORY****

Suggest 3 different narrative approaches:

1. ****The Hero's Journey:**** A character who faced and solved this problem
2. ****The Origin Story:**** How this concept/solution came to exist
3. ****The Transformation Story:**** Before/after of someone applying this

For each, provide a brief outline and emotional arc.

****STEP 2: BUILD THE NARRATIVE****

For my preferred approach [I'll specify or you recommend the strongest]:

- Opening scene/hook (show, don't tell)
- Character/situation introduction
- The conflict or problem
- The journey/struggle
- The insight or turning point
- The resolution and lesson
- The bridge to reader's own situation

****STEP 3: WEAVE IN THE INFORMATION****

Show me exactly where each of my key points fits into the narrative naturally:

Key Point	Where It Fits	How to Introduce It
-----	-----	-----
Point 1		

****STEP 4: WRITE THE OPENING****

Write the first 300 words using the chosen narrative approach. Make it so compelling I can't stop reading.

Tips for Use:

- Real stories from your own experience are most powerful
- Even B2B technical content can use mini-narratives and examples
- The opening scene sets the tone; invest time getting it right

Expected Output: Complete story framework with multiple approaches, structural outline, key point integration, and a polished opening section.

9. Content Refresh Optimizer

Purpose: Update outdated content to regain rankings and relevance.

You are an SEO content specialist who has recovered traffic for hundreds of declining blog posts. You know exactly what makes old content relevant again.

Here is my content that needs refreshing:

[PASTE YOUR OUTDATED CONTENT OR PROVIDE URL]

****Original publish date:**** [DATE]

****Current monthly traffic:**** [IF KNOWN]

****Target keyword:**** [PRIMARY KEYWORD]

****What's changed in this space:**** [ANY KNOWN UPDATES/CHANGES]

Perform a comprehensive content audit and refresh plan:

****SECTION 1: CONTENT AUDIT****

Rate each element (1-10) with specific observations:

- Accuracy: Are facts/stats/links still correct?
- Relevance: Does it address current reader needs?
- Completeness: Are there new subtopics to cover?
- Freshness signals: Dates, examples, references
- Readability: Structure, formatting, scannability
- SEO health: Keyword usage, headers, meta data

****SECTION 2: CRITICAL UPDATES NEEDED****

- Outdated information that must be corrected
- Broken or outdated links to replace
- New developments to add
- Sections to remove or condense

****SECTION 3: ENHANCEMENT OPPORTUNITIES****

- New sections to add for completeness
- Better examples or case studies to include
- Visual opportunities (infographics, screenshots,

videos)

- FAQ additions based on current search queries
- Internal linking updates

****SECTION 4: REFRESHED CONTENT****

Provide the fully refreshed version of the content with all updates applied, new sections added, and improvements implemented.

****SECTION 5: REPUBLISHING CHECKLIST****

- [] Updated meta title and description
- [] New publish date or "Last updated" date
- [] Updated internal links throughout site
- [] Social sharing plan for the refresh
- [] Email to subscribers about the update

Tips for Use:

- Prioritize refreshing content that once ranked well but has declined
- Update the publish date only if you've made substantial changes
- Announce major refreshes as "new" content to your audience

Expected Output: Complete content audit with specific issues identified, fully refreshed content ready to publish, and republishing checklist.

10. Listicle Architect

Purpose: Create listicle content that's actually valuable, not just clickbait.

You are a content creator who has mastered the art of the valuable listicle – content that delivers on its promise and keeps readers engaged through every item.

Create a high-value listicle on:

****Topic:**** [YOUR TOPIC]

****Number of items:**** [USUALLY 7, 10, 15, 21, or 50]

****Target audience:**** [WHO IS THIS FOR]

****Primary goal:**** [EDUCATE / INSPIRE / PROVIDE TOOLS / SOLVE PROBLEM]

Design and write this listicle:

****STRUCTURAL DECISIONS:****

- Best number of items and why
- Whether items should be ranked, categorized, or random
- Optimal item format (brief description vs. deep dive)
- Where to place the strongest items (beginning, end, or throughout)

****THE INTRODUCTION (200 words):****

- Hook that establishes why this list matters
- What readers will gain
- How to use this list
- Credibility statement (why trust this list)

****THE COMPLETE LIST:****

For each item, provide:

- Clear, benefit-driven subheading
- 100–200 word description with:
 - What it is
 - Why it matters
 - How to use/apply it
 - Pro tip or insider insight
- Transition to next item

****THE CONCLUSION (150 words)****

- Summary of key takeaways
- Most important item to start with and why
- Clear next step/CTA

****BONUS ELEMENTS:****

- Quick reference table summarizing all items
- "Best for X, Y, Z" recommendations
- Free bonus item as a P.S.

Tips for Use:

- Odd numbers often perform better (7, 11, 17)
- Include actionable items, not just descriptive ones
- Consider making it a regularly updated "living" post

Expected Output: Complete, publish-ready listicle with introduction, all items fully written, conclusion, and bonus elements.

11. Case Study Storyteller

Purpose: Transform client results into compelling case study content.

You are a B2B content marketer who specializes in creating case studies that actually convert prospects. You know how to balance story with proof.

Create a case study from these details:

****Client/Customer:**** [NAME OR TYPE OF BUSINESS]
****Industry:**** [THEIR INDUSTRY]
****Challenge they faced:**** [DESCRIBE THE PROBLEM]
****Solution you provided:**** [WHAT YOU DID]
****Results achieved:**** [SPECIFIC METRICS AND OUTCOMES]
****Timeline:**** [HOW LONG DID IT TAKE]
****Quotes from client:**** [ANY TESTIMONIALS OR FEEDBACK]

Build a comprehensive case study:

****TITLE OPTIONS (3 variations)****

Using the [Result] + [Timeframe] + [Context] formula

****EXECUTIVE SUMMARY (100 words)****

- The challenge, solution, and results in brief
- Perfect for decision-makers who skim

****THE CHALLENGE (300 words)****

- Industry context and background
- Specific pain points and their impact
- What was at stake
- Why previous solutions hadn't worked

****THE SOLUTION (400 words)****

- How you approached the problem
- Why you chose this specific strategy
- Step-by-step implementation
- Challenges overcome during execution

****THE RESULTS (300 words)****

- Quantified outcomes with specific metrics
- Before/after comparison

- Unexpected benefits
- Client's perspective (weave in quotes)

****KEY TAKEAWAYS (bulleted)****

- 3-5 lessons others can apply

****CALL TO ACTION****

- Natural bridge to how readers can get similar results

****SIDEBAR ELEMENTS:****

- Quick stats box
- Timeline graphic description
- Quote callout
- "About the client" box

Tips for Use:

- Get specific numbers whenever possible; vague results aren't compelling
- Let the client review before publishing
- Repurpose into shorter testimonials and social proof

Expected Output: Complete case study with all sections written, formatted for easy reading, and including sidebar elements.

12. How-To Guide Creator

Purpose: Create comprehensive, actionable how-to guides that actually help people succeed.

You are a technical writer and educator who creates how-to guides that readers can actually follow. Your guides are known for anticipating problems and providing clear solutions.

Create a comprehensive how-to guide for:

****Task/Skill:**** [WHAT SHOULD SOMEONE BE ABLE TO DO AFTER READING]

****Audience skill level:**** [BEGINNER / INTERMEDIATE / ADVANCED]

****Prerequisites:**** [WHAT THEY NEED BEFORE STARTING]

****Estimated completion time:**** [HOW LONG SHOULD THIS TAKE]

Build the complete guide:

****TITLE****

How to [Achieve Outcome] [Timeframe/Context if relevant]

****INTRODUCTION (200 words)****

- What they'll accomplish
- Why this method/approach
- Who this guide is for
- Time and materials needed

****QUICK START (for impatient readers)****

- 5-step summary for those who want to dive in

****DETAILED WALKTHROUGH****

For each major step:

Step [X]: [Action-Oriented Title]

****What you'll do:**** One sentence summary

****Time required:**** X minutes

****Instructions:****

1. [Specific action with details]
2. [Next action]
3. [Continue...]

****Expected outcome:**** What they should see/have when done correctly

****Common mistakes to avoid:****

- [Mistake 1] and how to fix it
- [Mistake 2] and how to fix it

****Pro tip:**** [Insider advice to do this better]

****Checkpoint:**** [How to verify they've done it correctly before moving on]

[Continue for all steps]

****TROUBLESHOOTING SECTION****

Problem	Likely Cause	Solution
-----	-----	-----
Issue 1		

****NEXT STEPS****

- How to build on this skill
- Related guides or resources
- Advanced techniques to explore

****FAQ****

- 5 common questions with clear answers

Tips for Use:

- Have someone unfamiliar with the topic follow your guide to find gaps
- Include screenshots or video links for visual processes
- Update based on reader questions in comments

Expected Output: Complete, step-by-step guide with troubleshooting, FAQs, and next steps.

13. Comparison/Versus Content Creator

Purpose: Create balanced comparison content that helps readers make decisions.

You are an objective product/service analyst who creates comparison content that genuinely helps people choose. You're known for fairness and depth.

Create a comparison article for:

****Options being compared:**** [OPTION A vs OPTION B vs OPTION C if applicable]

****Target reader:**** [WHO IS DECIDING BETWEEN THESE]

****Decision context:**** [WHY ARE THEY CHOOSING – budget, features, use case, etc.]

****My honest opinion:**** [WHICH DO YOU THINK IS BEST AND WHY – optional]

Build the comparison content:

****TITLE OPTIONS (3)****

Different angles: comprehensive, quick, specific use case

****QUICK ANSWER (for skimmers)****

- If you want X, choose Option A
- If you want Y, choose Option B
- If you want Z, choose Option C

****INTRODUCTION****

- Why this decision matters
- What we're comparing and why
- How we evaluated each option

****COMPARISON TABLE****

Feature/Factor	Option A	Option B	Option C
[Category 1]			

****DEEP DIVE: OPTION A****

- Overview and ideal user
- Key strengths (with evidence)

- Notable weaknesses (be honest)
- Pricing and value analysis
- Real-world performance

[Repeat for all options]

****HEAD-TO-HEAD COMPARISONS****

- Option A vs Option B: [Key differentiator]
- Option B vs Option C: [Key differentiator]
- Option A vs Option C: [Key differentiator]

****DECISION FRAMEWORK****

Choose Option A if:

- [Criteria 1]
- [Criteria 2]

Choose Option B if:

- [Criteria 1]
- [Criteria 2]

****OUR RECOMMENDATION****

- Best overall: [With reasoning]
- Best for budget: [With reasoning]
- Best for [specific use case]: [With reasoning]

****FAQ****

- Common questions about choosing between these options

Tips for Use:

- Be genuinely objective; readers can tell when content is biased
- Update when options change pricing or features
- Include affiliate disclosures if you have financial relationships

Expected Output: Comprehensive, fair comparison article with tables, deep dives, and clear recommendations.

14. Content Brief Generator

Purpose: Create detailed briefs for writers or AI to execute consistently.

You are a content operations manager who creates briefs that result in consistent, high-quality content. Your briefs are so thorough that any skilled writer could execute them successfully.

Create a detailed content brief for:

****Content topic:**** [TOPIC]
****Target keyword:**** [PRIMARY KEYWORD]
****Content type:**** [BLOG / LANDING PAGE / GUIDE / etc.]
****Business goal:**** [WHAT SHOULD THIS CONTENT ACHIEVE]
****Target audience:**** [WHO IS THIS FOR]

Generate a comprehensive brief:

****CONTENT OVERVIEW****

- Working title:
- Primary keyword: [search volume if known]
- Secondary keywords: (5-7)
- Target word count:
- Target publish date:
- Funnel stage: [TOFU/MOFU/BOFU]
- Content format: [How-to / Listicle / Guide / etc.]

****SEARCH INTENT ANALYSIS****

- What is the searcher trying to accomplish?
- What questions do they have?
- What would make them click away (unmet expectations)?

****COMPETITOR ANALYSIS****

Analyze the top 3 ranking pieces:

Competitor	Word Count	Key Topics	Gaps/Opportunities
-----	-----	-----	-----

****CONTENT REQUIREMENTS****

Must include:

- [] [Specific topic/section 1]
- [] [Specific topic/section 2]
- [] [Continue...]

Must NOT include:

- [Topics to avoid and why]

****DETAILED OUTLINE****

H1: [Title]

- Introduction requirements

H2: [Section 1]

- Points to cover
- Evidence/examples needed
- Word count: ~X words

[Continue for all sections]

****STYLE GUIDELINES****

- Tone: [FORMAL / CASUAL / AUTHORITATIVE / etc.]
- Point of view: [FIRST / SECOND / THIRD PERSON]
- Formatting rules: [Bullets, headers, paragraph length]
- Words to use: [Brand-specific language]
- Words to avoid: [Competitor names, certain terms, etc.]

****SEO REQUIREMENTS****

- Keyword placement requirements
- Internal linking targets (3-5 specific URLs)
- External linking guidelines
- Meta title and description requirements
- Image alt text guidelines

****VISUAL REQUIREMENTS****

- Featured image specifications
- In-content image needs

- Infographic or chart requirements
- Screenshot needs

****CALL TO ACTION****

- Primary CTA:
- CTA placement:
- Supporting CTAs:

****REVIEW CHECKLIST****

- [] All outline sections addressed
- [] Keyword density appropriate
- [] Links included
- [] Formatting correct
- [] CTA clear

Tips for Use:

- Spend more time on the brief for important content pieces
- Share briefs with writers/AI before they start to clarify questions
- Update your brief template based on what information writers consistently ask for

Expected Output: Complete content brief that a writer or AI can execute with minimal back-and-forth.

15. Viral Hook Generator

Purpose: Create scroll-stopping opening lines for social content.

You are a social media strategist who has written viral hooks for creators with millions of followers. You understand the psychology of what makes people stop scrolling.

Generate scroll-stopping hooks for:

****Topic:**** [WHAT YOU'RE POSTING ABOUT]

****Platform:**** [TWITTER / LINKEDIN / INSTAGRAM / TIKTOK / YOUTUBE]

****Audience:**** [WHO FOLLOWS YOU]

****Content type:**** [EDUCATIONAL / STORY / CONTROVERSIAL TAKE / TIPS / etc.]

Create 20 hooks using these proven patterns:

****CURIOSITY HOOKS (5)****

- Creates an open loop the reader must close
- Examples: "What nobody tells you about...", "This changed everything..."

****CONTRARIAN HOOKS (5)****

- Challenges common beliefs
- Examples: "Everyone is wrong about...", "[Common advice] is killing your..."

****STORY HOOKS (5)****

- Drops reader into a moment
- Examples: "Last Tuesday, I made a \$50,000 mistake...", "3 years ago I was..."

****VALUE PROMISE HOOKS (5)****

- States exactly what reader will gain
- Examples: "Here's the exact system for...", "Save this for..."

For each hook:

| Hook | Pattern | Why It Works | Risk Level |

|-----|-----|-----|-----|

****PLATFORM-SPECIFIC OPTIMIZATION****

Adapt the top 5 hooks for:

- Character limits
- Platform culture and norms
- Best posting format (thread, carousel, short video, etc.)

****RECOMMENDED A/B TEST PAIRS****

3 pairs of similar hooks to test which angle resonates better

Tips for Use:

- Save hooks that work for you and analyze patterns
- The hook is 80% of whether someone reads the rest
- Test hooks on less important posts before using on major content

Expected Output: 20 hooks across 4 patterns with analysis, platform-specific adaptations, and A/B test recommendations.

16. Email Sequence Architect

Purpose: Plan and write multi-email nurture sequences that convert.

You are an email marketing strategist who has built sequences generating millions in revenue. You understand the psychology of nurturing leads to conversion.

Design an email sequence for:

****Sequence purpose:**** [WELCOME / LAUNCH / NURTURE / ONBOARDING / RE-ENGAGEMENT]

****Product/Offer:**** [WHAT YOU'RE ULTIMATELY SELLING OR PROMOTING]

****Sequence length:**** [NUMBER OF EMAILS] over [TIMEFRAME]

****Audience:**** [WHO IS RECEIVING THIS]

****Entry point:**** [HOW DID THEY JOIN THIS LIST]

Build the complete sequence:

****SEQUENCE STRATEGY****

- Overarching narrative arc
- Emotional journey from email 1 to final email
- Key objections to address and when
- Trust-building milestones

****EMAIL SEQUENCE:****

For each email:

****EMAIL [#]: [Internal Name]****

****Send timing:**** [Day X / Hours after previous]

****Goal:**** [What this email should accomplish]

****Subject Line Options (3):****

- 1.
- 2.
- 3.

****Preview Text:****

****Email Body:****

[Complete email copy, 200–400 words]

****CTA:****

- Primary:
- Button text:

****Why This Email Works:****

[1–2 sentences on the psychology/strategy]

[Continue for all emails]

****SEQUENCE LOGIC****

- Branching recommendations (if applicable)
- What happens if they convert mid-sequence
- What happens if they don't open emails

****SUCCESS METRICS****

Email #	Target Open Rate	Target Click Rate
-----	-----	-----

****TESTING PLAN****

- Which elements to test first
- How to optimize based on results

Tips for Use:

- Space emails appropriately; too fast feels spammy, too slow loses momentum
- Have one clear CTA per email
- Monitor unsubscribes; high rates mean sequence needs adjustment

Expected Output: Complete email sequence with all copy written, subject lines, strategy explanations, and optimization plan.

17. Thought Leadership Article Framework

Purpose: Create authoritative content that positions you as an industry expert.

You are a ghostwriter for Fortune 500 executives who need to establish thought leadership. You know how to balance expertise with accessibility.

Create a thought leadership piece on:

****Topic/Trend:**** [WHAT YOU WANT TO BE KNOWN FOR THINKING ABOUT]

****Your unique perspective:**** [WHAT DO YOU BELIEVE THAT OTHERS DON'T]

****Your credibility source:**** [EXPERIENCE / RESEARCH / CASE STUDIES]

****Target audience:**** [DECISION-MAKERS IN YOUR SPACE]

****Publication target:**** [LINKEDIN / MEDIUM / INDUSTRY PUBLICATION / PERSONAL BLOG]

Develop the thought leadership content:

****POSITIONING ANALYSIS****

- Current conversation around this topic
- Dominant perspectives and their limitations
- Your contrarian or unique angle
- Why your perspective matters now

****TITLE OPTIONS (5)****

- Range from provocative to professional
- Match to publication norms

****ARTICLE STRUCTURE****

****Opening (200 words)****

- Start with a moment, observation, or data point that illuminates the topic
- Bridge to your perspective
- Stake your claim

****Context Section (300 words)****

- Acknowledge the conventional wisdom

- Explain why it's incomplete or wrong
- Build credibility by showing you understand the full picture

****Your Thesis (400 words)****

- Present your unique perspective
- Support with evidence from your experience/research
- Anticipate and address the strongest objection

****Implications Section (300 words)****

- What changes if you're right
- What should readers do differently
- Practical applications of your perspective

****Closing (150 words)****

- Reinforce your key message
- Call for action or change
- End on a memorable note

****AMPLIFICATION STRATEGY****

- Key quotes for social sharing
- Angles for follow-up content
- Who to tag/share with for maximum reach

Tips for Use:

- Take a real stance; wishy-washy thought leadership doesn't spread
- Include contrarian elements but ensure you can defend them
- Consistency matters; plan multiple pieces on related themes

Expected Output: Complete thought leadership article with positioning analysis, full content, and amplification strategy.

18. Content Calendar Architect

Purpose: Plan a month of strategic content across platforms.

You are a content marketing strategist who plans editorial calendars for high-growth brands. You understand how to balance consistency, variety, and strategic goals.

Create a monthly content calendar for:

****Business/Brand:**** [DESCRIBE]

****Primary platforms:**** [LIST 2-4 PLATFORMS]

****Monthly posting frequency per platform:**** [HOW OFTEN]

****Primary goal this month:**** [AWARENESS / LEADS / SALES / ENGAGEMENT]

****Key dates/events this month:**** [HOLIDAYS, LAUNCHES, INDUSTRY EVENTS]

****Content pillars/themes:**** [3-5 TOPICS YOU REGULARLY COVER]

Build the content calendar:

****MONTHLY THEME****

- Overarching theme that ties content together
- Why this theme now
- How it connects to business goals

****CONTENT MIX STRATEGY****

- Ratio of educational : promotional : entertaining : engaging
- Recommended format mix per platform
- Pillar/theme distribution

****WEEKLY BREAKDOWN****

****WEEK 1: [Theme]****

Day	Platform	Content Type	Topic/Angle	Key Message	CTA
-----	----------	--------------	-------------	-------------	-----

-----	-----	-----	-----	-----	-----
-----	-----				

Mon			
Tue			
Wed			
Thu			
Fri			
Sat			
Sun			

[Continue for all weeks]

****EVERGREEN VS. TIMELY****

- Which pieces are evergreen and can be rescheduled
- Which are time-sensitive and must go out as planned

****REPURPOSING MATRIX****

How each major piece gets repurposed:

Original Piece	Repurpose 1	Repurpose 2	Repurpose 3
-----	-----	-----	-----

****PRODUCTION SCHEDULE****

Working backwards from publish dates:

Content Piece	Research By	Draft By	Review By	Publish
-----	-----	-----	-----	-----

****SUCCESS METRICS****

- What we're measuring this month

- Benchmarks to beat
- How we'll know if the strategy worked

Tips for Use:

- Build in buffer room for timely/reactive content
- Batch create content by type for efficiency
- Review and adjust weekly based on what's performing

Expected Output: Complete monthly content calendar with specific topics, production schedule, and success metrics.

19. Long-Form to Short-Form Converter

Purpose: Extract snackable content pieces from comprehensive long-form content.

You are a content atomization expert who knows how to extract maximum value from long-form content. You can identify moments that work in isolation.

Transform this long-form content into short-form pieces:

[PASTE YOUR LONG-FORM CONTENT: BLOG POST, VIDEO TRANSCRIPT, PODCAST TRANSCRIPT, ETC.]

****Source content type:**** [BLOG / VIDEO / PODCAST / PRESENTATION]

****Target platforms:**** [LIST SHORT-FORM PLATFORMS]

****Content style:**** [EDUCATIONAL / INSPIRATIONAL / ENTERTAINING / CONTROVERSIAL]

Extract and create:

****KEY MOMENTS ANALYSIS****

Identify the 10 most valuable standalone moments:

Moment	Why It Works Alone	Best Platform	Format
-----	-----	-----	-----

****TWITTER/X CONTENT (5 pieces)****

1. Single tweet (280 characters max) + why it works
2. Thread starter + 3-5 supporting tweets
3. Quote tweet format (for sharing article)
4. Engagement question format
5. Hot take extraction

****LINKEDIN CONTENT (3 pieces)****

1. Story-format post (draws from content narrative)
2. Lessons/takeaways post (listicle format)
3. Contrarian take post (challenges assumptions in

content)

****INSTAGRAM/TIKTOK (3 pieces)****

1. Carousel concept (10 slides outlined with copy)
2. Reel/Short script (30-60 seconds)
3. Quote graphic (3 text options)

****YOUTUBE SHORTS (2 pieces)****

1. Hook + key insight + CTA (script with timestamps)
2. Clip identification (if from video) with edit notes

****NEWSLETTER TEASER (1 piece)****

- Subject line options
- 150-word excerpt that drives clicks to full piece

****MICRO-CONTENT BANK****

Quote/Fact	Characters	Works For
-----	-----	-----
10 standalone snippets that can be used anywhere		

Tips for Use:

- Not every long-form piece has good short-form moments; be selective
- Modify tone for each platform's culture
- Schedule short-form content across 2-4 weeks after long-form publishes

Expected Output: 15+ ready-to-post short-form content pieces with platform-specific formatting.

20. Reader Objection Handler

Purpose: Identify and address reader objections within your content.

You are a conversion copywriter who specializes in preemptively addressing reader objections within content. You know that unaddressed objections kill engagement.

Analyze this content for objection handling:

****Content topic:**** [WHAT YOUR CONTENT IS ABOUT]

****Target reader:**** [WHO IS THIS FOR]

****Desired action:**** [WHAT YOU WANT THEM TO DO AFTER READING]

****Current content draft:**** [OPTIONAL – PASTE IF YOU HAVE ONE]

Provide objection analysis and solutions:

****OBJECTION MAPPING****

Identify all potential reader objections:

Objection	Type	Severity	When It Arises
"This won't work for me because..."	Relevance	High	Early
"I don't have time/money/skills..."	Resource	Medium	Mid
"I've tried this before and..."	Experience	High	Throughout
"How do I know this is true..."	Credibility	Medium	Early
"What if it doesn't work..."	Risk	High	Before CTA

[Continue with all relevant objections]

****OBJECTION HANDLING COPY****

For each objection, provide:

****Objection:**** [Statement]

****Handle with:**** [PREEMPT / ACKNOWLEDGE / EVIDENCE / TESTIMONIAL / GUARANTEE]
****Copy to add:****
[Exact language to include in content]
****Where to place:**** [Section of content where this should appear]
****Transition in:**** [How to naturally introduce this]
****Transition out:**** [How to return to main content flow]

****OBJECTION-HANDLED OUTLINE****
Show where each objection handler fits in the content structure:

- Section 1: [Topic] + handles [objection X]
- Section 2: [Topic] + handles [objection Y]
- [Continue...]

****FINAL OBJECTION SWEEP****
Objections that should be addressed in:

- FAQ section
- Testimonial selection
- CTA area
- P.S. (for email) or final section

Tips for Use:

- Talk to your audience to discover real objections; don't just guess
- Address objections before readers think of them for maximum trust
- The bigger the ask, the more objections you need to address

Expected Output: Complete objection map with exact copy for handling each objection and placement recommendations.

These prompts are designed to be customized to your specific needs. Replace the bracketed placeholders with your actual information for best results.

Pro tip: Save the outputs and build a swipe file of what works best for your audience and brand.
